5 Kg

Additional Notes

NJM Group Speed Humps are made from 100% recycled rubber. Each 500mm comes with two cats eyes which light up at night time and have 30mm base channel to allow for cabling and plumbing.

Each module comes with one black and one yellow unit. End Caps and modules are sold individually.

This speed hump is suitable for use in conned areas of covered and level car parks, commercial premises, petrol stations, etc., anywhere that you wish to further check the speed of vehicles travelling at 30km/h or less.
