Bollard Dimensions	Please Visit: Single Bitt Bollard
Material	Cast Steel & Ductile Iron.
Coatings	Fully Painted from our factory. or An easily removable rust preventative primer that allows surface preparation & coating after installation.
Rec. Line Angle	0 Degree - 40 Degree
Allowable Line Angle	180 Degree
Additional Notes	A Single Bit Bollard is best to handle low densities of mooring lines. Considering the size of the boat and mooring lines they can also be used as a backup option along with cleats.  Australian Bollards can provide many of the most popular style bollards, optimized bollards, or cast any new style to meet our customer requirements. It is Australian Bollards mission to provide the bollards or cleats our customers require not just what we offer.
