**Mooring Bollards -
T-Head Bitt Bollard**

The Essential First Step

Copyright - Australian Bollards by NJM

Bollard Capacity	Range from 10-200 Metric Tonnes. Available in MT-10, MT-15, MT-20, MT-30, MT-50, MT-75, MT-100, MT-125, MT-150, MT-200.
Bollard Dimensions	Please Visit: T-Head Bitt Bollard
Material	Cast Steel & Ductile Iron.
Coatings	Fully Painted from our factory. or An easily removable rust preventative primer that allows surface preparation & coating after installation.
Rec. Line Angle	0 Degree - 50 Degree
Allowable Line Angle	160 Degree
Additional Notes	A T – Head Bollard can handle higher line load angles than Single Bitt and Kidney Shaped bollards. This feature may be of particular importance where very large changes in water level result in significant differences in line angles. Australian Bollards can provide many of the most popular style bollards, optimized bollards, or cast any new style to meet our customer requirements. It is Australian Bollards mission to provide the bollards or cleats our customers require not just what we offer.
