Solar Panel	4 W Monocrystalline panel
Power Storage	4.5 Ah / 6V Battery
IP Rating	IP 65
Material	Die Casting Aluminium & Polycarbonate Glass
Average Operation Time	10-12 hours
Additional Notes	These solar light bollards are an ecofriendly and elegant solution for the modern streetscape, combining aesthetic design with functionality.

They operate in a fully automatic mode. The lights automatically switch ON in the evening and switch OFF in the morning by detecting day and night, making underground wiring and expensive electricity bills a thing of the past.
