

AB-DBA-6M

Illuminated boom arm

The Essential First Step

Boom arm length	6 meters, but can be cut shorter
LED diameter	16 mm
Voltage	DC 12V. Use an adaptor to transfer to AC 220V
Brightness	80 lumens
Material	Galvanised Steel
Colour	White, with hi-vis orange strips
Additional Notes	<p>LED illumination features increases visibility during day and night conditions.</p> <p>These boom arms work perfectly in conjunction with a range of our parking solutions. These include security camera bollards, intercom systems, height bars and card readers to provide a turn key solution.</p>
