

TPU Flexible Bollard

AB-TPU750-P

Australian Bollards TPU Flexible Bollards are a highly ideal solution used to guide traffic and provide warning of approaching hazards. This Australian-made product can be used in any situation where vehicle or pedestrian traffic must be separated effectively and safely.

Manufactured from extremely durable UV stabilised Thermoplastic Polyurethane (TPU), this flexible bollard has been designed in a hi-visibility orange with reflective tape for extra night-time and low light visibility. The flexible bollards are easy to install and can be fitted to concrete, bitumen or other surfaces by simply bolting to the floor with the base.

Design and tested to spring back into their original shape after repeated impacts with vehicles, this product is extremely durable with the unique base design.

Height:	750mm
Diameter:	80mm
